

To; Potential Customers of Magnum Machine of Marshall, Texas

From; Blended Waxes Corporation

We have worked with Kenneth Fitzgerald and his team at Magnum for several years, having purchased four separate slabbers over the years. We have consistently found Magnum to be professional, accurate on their time of delivery estimates, thorough in their follow up and appropriately priced. They provide good value for their equipment.

We will continue to use them on our future needs and anyone interested in using them currently, may feel free to contact me directly.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Coglianese', with a long horizontal line extending to the right.
